Admin Notes

Medication Policy

Please remember the providers are not allowed to administer any medications, including anything herbal, unless it has been pre approved by the director or assistant director. If your child is needing any kind of medication administered please make an appointment with the office and we can ensure this is done. There is very specific information that must be on the forms.

Outerwear

We have been having wonderful weather for this time of year. The providers have been getting out with the children and enjoying this beautiful

weather. Please remember that with the changing of the seasons it will be getting colder and the children will need to have proper attire. This includes: warm coats and

shoes. When the snow starts they will need coats, scarves, boots, mittens, toques, and snow pants to be able to get outside with the providers and enjoy the snow.

Monthly Workshops

As posted in the newsletter we hold monthly workshops for the providers. We would like input from the families if there is anything you would like to see the providers have

training on please let us know. We can incorporate this into our yearly workshops. Also if it is something the parents would like to attend and have training on please let us

know well in advance so we can ensure to have a big enough space to hold the workshop. We look forward to hearing from you.

Ode to Remembrance

They went with song to the battle,
they were young.

Straight of limb, true of eyes, steady
and aglow.

They were staunch till the end odds
uncounted.

They fell with their faces to the foe.

They shall not grow old, as we that
are left grow old:

Age shall not weary them, nor the
age condemn.

At the going down of the sun and in
the morning.

We will remember them.

Lest we forget!
