## Admin Notes

### Surveys

Please remember the surveys and suggestion boxes are always there. Any time of year we welcome input and questions.

This can be done through the surveys, the suggestion boxes, phone calls, emails or booking an appointment with Noreen or Andrea.

### Parent Handbooks

The 2019 parent handbook will be available on our website in January to view or print. The closure dates for 2019 will be available in December on the website. Please let us know if you need a copy printed of the closure dates.

### Monthly Workshops

If there is anything you would like to see the pro-

viders have training on please let us know. We can incorporate this into our yearly workshops. Also if it is something the parents would like to attend and have training on please let us know well in advance so we can ensure to have a big enough space to hold the workshop. We look forward to hearing from you.

## Back Up Packages

There have been quite a few instances where we have been replacing or sending back up packages to alternate providers. This is very time consuming for us.

Please remember your package for alternate care

or care will be refused by the alternate provider. If the provider accepts a child without the proper documentation she is in non compliance with the government standards. It is also essential the provider have

contact information for families. Please call the office with any questions.

If we need to make a package more than twice for a family a small fee may be applied to your next invoice.
